EDUCATION

Ryerson University | Computer Science

Sept 2016 - June 2021

Bachelor of Computer Science

Courses

Discrete Structure, Computer Security, Software Engineering, Operating Systems, Web Systems Development, Database Systems, and Autonomous Mobile Robotics

Programming Languages

React, Javascript, Typescript, HTML, CSS, Bootstrap, Python, Java, C, C++, SQL(Relational DBMS)

PROJECTS

Online Book Store (Library)

Frontend Developing Project

Developed a dynamic website using HTML/CSS, showcasing Flexbox for optimal layout and responsive design, with engaging transitions to enhance user interaction. Designed a user-friendly navigation menu and a functional sorting system using custom objects for easy book sorting by price or rating using Javascript. Also utilized React to implement a seamless cart system for users to add books and check out with total price calculation. Employed other key front-end development properties for an exceptional user experience.

Advanced Personal E-Portfolio

Frontend Developing Project

Developed a visually appealing website to showcase advanced Frontend Development skills, using HTML, CSS, and Javascript. Designed for full responsiveness and unique user experience with an interactive background. Implemented a "light/dark mode" option and a "Contact Me" feature completely using Javascript. Demonstrated professional mastery of Frontend technologies.

Treac Template Remake

Frontend Developing Project

Re-created an online Frontend template using HTML and CSS, demonstrating technical skills by utilizing "Inspect Element." Developed a comprehensive understanding of Flexbox, overcoming challenges to recreate the original design with intricate shapes. Produced a visually stunning website from scratch, showcasing strong technical skills.

Personal E-Portfolio

Frontend Developing Project

Created a professional website with HTML/CSS, demonstrating advanced CSS proficiency with Flexbox and dynamic transitions. Fully responsive, ensuring seamless display on all devices, with efficient navigation links and buttons. Crafted to provide an exceptional online presence.
